

CAPS FOR CANCER RESEARCH

December 25, 2005 - Newsletter N° 53

The objective of C4CR is to gather 10.000 different beer caps, which will then be sold to a beer museum, with 100% of the proceeds being donated to a Cancer Research Foundation.

Thank you to all of our friends around the world for helping us with this worthy project.

Well this is the third Christmas we'll be spending together since the C4CR program began and since I foolishly decided to publish this newsletter. So whether you'll be celebrating Noël, Christmas, Juleøl, the Navidad or é, we wish you an excellent holiday season! May your dreams come true! In the mean time, can you guess where the caps Santa brought us originate from? Hint: they come from Belgium, Columbia, Croatia, Denmark, Finland, France, Georgia, Luxembourg, Mexico, Norway, the Russian Federation, the United Kingdom, Spain and the United States of America...

• Famous beer quotes from the prohibition days

- "When I was in the city, I asked a policeman where I could get a glass of beer. 'You see the second street on your right?' the officer said. 'Well, go down there and the fourth door on your right is a movie theatre. That's the only place in town you can buy it.'" Prohibition joke
- "Although man is 97% water, the prohibitionists are not satisfied." - Fred Eckhardt
