

CAPS FOR CANCER RESEARCH

March 17, 2006 - Newsletter N° 58

Cap from Canada

The objective of C4CR is to gather 10.000 different beer caps, which will then be sold to a beer museum, with 100% of the proceeds being donated to a Cancer Research Foundation.

Thank you to all of our friends around the world for helping us with this worthy project.

Well if you've been looking for an excuse to drink beer on Saint Patrick's Day, here's a great one: say you are saving beer caps for C4CR! So of course, we'll be expecting to receive them... once you sober up! In addition to the caps displayed below celebrating various Saints that may be of assistance to you on this day, please find a Saint Patrick's Day Guide to Improper Beer Consumption that you may find helpful as well! Can you guess which cap comes from Belgium, Botswana, Brazil, Canada, France, Germany, Italy, Netherlands Antilles, the Netherlands, New Zealand, Spain, Switzerland, the UK & the USA?
