

CAPS FOR CANCER RESEARCH

March 6, 2005 - Newsletter N° 36

Cap from Denmark

The objective of C4CR is to gather 10.000 different beer caps, which will then be sold to a beer museum, with 100% of the proceeds being donated to a Cancer Research Foundation.

Thank you to all of our friends around the world for helping us with this worthy project.

Tintin and Milou, Garfield, Snoopy, Mickey Mouse are long-time friends for most of us around the world, so in honour of these happy childhood memories, we thought of displaying caps featuring a few cartoon heroes from your favourite comic strips, and newer characters as well. Can you guess which cap comes from Belgium, the Czech Republic, Finland (x2), France, Italy, Mexico, Poland, the Russian Federation, Spain, Switzerland, Thailand, the United States of America and Venezuela?

• Famous beer quotes from Homer Simpson:

- "Bart, a woman is like a beer. They look good, they smell good, and you'd step over your own mother just to get one!"
- "All right, brain, I don't like you and you don't like me - so just get me through this exam so I can go back to killing you slowly with beer."
- "When that guy turned water into wine, he obviously wasn't thinking of us duff beer drinkers."
- "I would kill everyone in this room for a drop of sweet beer."

• Kudos to our contributors:

Today, we'd like to express our gratitude to Bob S. from Morris, Manitoba (Canada) for sending us many very beautiful caps. Bob has been collecting crown caps as a hobby for years, and when he found out about C4CR, decided to part with many of his treasures all to benefit our cause. His shipment included really nice sets of caps, all new to C4CR! Many thanks Bob for your thoughtfulness and generosity.
