

# CAPS FOR CANCER RESEARCH

March 20, 2005 - Newsletter N° 37

Cap from the Netherlands

The objective of C4CR is to gather 10.000 different beer caps, which will then be sold to a beer museum, with 100% of the proceeds being donated to a Cancer Research Foundation.

*Thank you to all of our friends around the world for helping us with this worthy project.*

We wouldn't want to have a tiger by the tail, so we decided to neither mention Detroit's baseball team, nor the wood's man... Rather we thought of displaying caps representing the large, fierce, flesh-eating feline from Australia, Austria, Azerbaijan, Barbados, the Czech Republic, Germany, Italy, Laos, Puerto Rico, Singapore, Sweden, Thailand, the United States of America and Viet Nam. Can you guess where each comes from?

### • *Kudos to our contributors:*

Back in April 2004, in newsletter N°13, we announced that we were envisioning to start a web site for C4CR... Time sure has passed since that day, and no birth... so Tom W., our dear friend from Westfield, Ohio in the USA decided it was time to take the bull by the horns and do something about it. Accordingly, Tom went ahead and created [www.Caps4CR.org](http://www.Caps4CR.org). This site is still under construction, so keep cool! In fact, we await your ideas to make it grow, fun and useful. To this date it does however contain past C4CR newsletters that you can download in a pdf. We look forward to receive your input, comments and suggestions... In any case (of beer), many thanks Tom for your work and dedication!

### • *Beer: did you know?*

A clay tablet dating around 4000 BC excavated in what is today Syria is inscribed with what is supposed to be the earliest beer advertisement. The tablet is adorned with a large-breasted woman holding two goblets and is inscribed with the caption "Drink Ebla Beer - the beer with the heart of a tiger"!

*Please save those little gems called caps and forward them to C4CR!*
